[WAG summary September 2012](#)

The Workforce Action Group provides governance and professional support to the Workforce Programme within ChaMPs. The overarching vision is to achieve a coordinated and systematic approach to building capacity and capability in the public health workforce, at all professional levels of public health, the clinical workforce and the wider workforce.

The three key objectives for the Workforce Programme are:

- 1) Support and coordinate the implementation of the Public Health Workforce Strategy 2012
- 2) Build capacity and capability of the Public Health Workforce through learning and development opportunities.
- 3) Provide leadership support on health & wellbeing agenda via work place health initiatives and behaviour
