

Learning hub on Accountable Care Systems - hosted by St Helens public health team

Thursday 28th June 2018

12:30 registration

1:00pm start

4:00pm finish

**Venue: Stephenson Suite, Eccleston Park Golf Club, Rainhill Road,
Rainhill, St Helens, Liverpool, L35 4PG**

What are learning hubs?

Learning hubs are an exciting addition to the Champs CPD and events programme that give an opportunity for practitioners within local authorities to build their knowledge and skills in public health. It will also facilitate sharing of good practice across teams in Cheshire & Merseyside. Each learning hub will be hosted by a particular local authority and topics to be covered will be decided by the host area.

Please note capacity will be limited, so places will be allocated on a first-come, first-served basis.

What will be the focus for St Helens learning hub?

Building knowledge of practitioners around accountable care systems (raising awareness, how they have been achieved and what a successful accountable care system looks like).

Who should attend?

Learning hub events are open to practitioners from Cheshire & Merseyside public health teams but attendees from wider local authority teams working in areas such as environmental health, planning, neighbourhood services are encouraged.

What participants can expect to get out of the session?

The session will provide colleagues with:

1. An opportunity to learn how a health and social care system can come together
2. To understand the benefits of an integrated system
3. To consider the wider partners within this system and how they can be engaged to benefit the health and social care system

Working together to improve health and wellbeing in Cheshire and Merseyside

Sessions will be informal and interactive to share and learn from each other.

How will the session run?

The learning hub will cover three spotlight topics, with a round of interactive contributions from everyone attending.

For this practitioner hub, there is a prescribed process for each round.

- A volunteer to scribe for each spotlight. The Chair to keep the group to time.
- One person to present for 5 minutes. Presenter to end with a question for the audience, or a pitch for assistance or ideas, or to request the audience to role play different stakeholders.
- Followed by a round of questions/ideas from the audience of 1 minute per individual. Not to break the round with answers or dialogue; just keep going round. Give attention without interruption. Everyone to be brief within their minute.
- End by the presenter responding to some questions &/or what they found useful from the round.
- Scribe to pass on notes to presenter.

At the end of the learning hub, attendees will get a chance to feedback ideas for future hubs including the format of the session.

How to register

Please book your place on the Champs website www.champspublichealth.com/events

Places are limited to 25. You will receive an e-mail confirmation of your booking.
