

Job Advert – Director of Population Health, Cheshire & Merseyside ICB

A unique opportunity has arisen for a **Director of Population Health**, working in the third largest Integrated Care System in the country, serving a population of 2.6m across Cheshire and Merseyside.

The strategic aims of the ICS are to:

- improve outcomes in population health and healthcare
- tackle inequalities in outcomes, experience, and access
- enhance productivity and value for money
- help the NHS support broader social and economic development.

The core focus of this job is to understand and enhance the health and wellbeing of the people of Cheshire and Merseyside. The post holder will be a visionary and transformational leader who will advise the Integrated Care Board (ICB) and influence strategic system partnerships to focus on prevention, health inequalities and use of the best data, intelligence and evidence. They will be a member of the Health Care Partnership and the Integrated Care Board, accountable to the Assistant Chief Executive. They will also work as part of a distributed leadership team with the nine Directors of Public Health and be a voting member of the Champs Collaborative Directors of Population Health Board, working alongside other public health system partners from OHID, UKSHA and NHSE.

Cheshire and Merseyside is ambitious for its population and is looking for someone who will act as an ambassador to the ICB, promoting and developing its reputation, forming robust strategic alliances, ensuring strategic connectivity with external partners, other relevant organisations, government departments and agencies.

You will work with educational establishments and wider partners to ensure the ICB's strategic transformation and Covid recovery programmes across all sectors of the health and care system are risk stratified and evidence based, and you'll oversee the All Together Fairer Marmot Community programme and our response to NHSCORE20Plus5.

Working closely with colleagues from NHSEI, you will oversee the safe delegation and transition of 7a services and all other public health responsibilities from NHSEI in line with national timelines and provide strategic leadership for the aligned team and their functions.

This is an opportunity to make a real difference and ensure that Cheshire and Merseyside ICS delivers (surpasses) its strategic objectives for the population we serve. It'll be challenging, hard work and will test your patience and leadership skills, but will be incredibly rewarding and lots of fun.

If you're interested and up for the challenge, we'd love to hear from you.
