

## All Together Fairer – One Year On

Thursday 25<sup>th</sup> May 2023

2pm-4pm

Microsoft Teams

#AllTogetherFairer

### About this event

All Together Fairer, Cheshire and Merseyside's innovative, ambitious and courageous Programme to reduce health inequalities launched May 2022, coinciding with a ground-breaking report from leading health expert Professor Sir Michael Marmot and his team at the Institute of Health Equity.

Since then, All Together Fairer has channelled the energy, passion and enthusiasm witnessed at the launch event to make the report a reality. With a completely unique model of delivery, which combines an active, learning and evolving group of local Leads, as well as a collaborative approach to training, development, communications and more, never before has Cheshire and Merseyside's health and care system been so galvanised towards one goal.

Join us to celebrate an incredibly successful year, learn more about how All Together Fairer is being integrated into the health and care system, see examples of local work, and look forward to another year of *working as one to build a fairer, healthier Cheshire and Merseyside*.
