

#Celebrating20Years

## Celebrating 20 years of Collaboration

Your invitation to celebrate 20 years of public health collaboration and look to the future of public health in Cheshire and Merseyside!

Wednesday 12 July 2023 – 2.00pm to 4.00pm via Microsoft Teams

### About this event

This year, the Cheshire and Merseyside Directors of Public Health are celebrating 20 years of partnership working through the Champs Public Health Collaborative. From its early beginnings in the NHS as a public health network, the Collaborative has gone from strength to strength and following ten years of public health in Local Government, the public health community has worked with partners in this innovative way to deliver extraordinary impact, change lives and improve the health and wellbeing of the population.

This event is an opportunity to celebrate 20 years of collaboration and look forward to the future opportunities for public health in Cheshire and Merseyside. It also aims to inspire the next generation of public health leaders and promote wellbeing, encouraging both team and partnership working.

The event will be chaired by Dr Matt Tyrer & Professor Matt Ashton, Chair and Vice Chair of Champs Public Health Collaborative Directors of Public Health Board.
